

Service Automation

Unique to Rexroth is our one-stop service team. Regardless of what Rexroth technology you are using, our Service Automation business unit is in place to help maximise up time, get you moving as quickly as possible when things do go wrong and provide training and education services.

Key Data on Service Automation in the UK

Field Service:

The range of services is extensive and includes commissioning, facility management, machine capability and tightening calibration.

Repair and Exchange Service:

In the UK we have extensive facilities which provide repairs, exchanges, up-grades and conversions for hydraulic, electrical and electronic components. For our customers, you get the assurance of genuine repairs covered by a new warranty.

Engineering and Technical Services:

In this area we provide support in the form of a dedicated call Centre, upgrades and retrofit services, condition monitoring and application service support.

Spares and Components:

In addition to traditional supply of spare parts, we can also provide contract sales, leasing, extended warranties and put you in touch with other third party repair services.

Training and Education:

From training equipment and industry standard training books and software through to on-site and remote or interactive training, Rexroth can help develop your team. We have a long reputation for quality equipment and people, a service which can help enhance your capabilities.
